2021 Winter Advanced Electrodynamics I Graduate Quantum Mechanics-2 TA Remote lab, 5 zoom sessions/week Research: Simulation, journal club	2021 Spring Advanced Electrodynamics II Statistical Mechanics TA Remote lab, 5 zoom sessions/week Research: Simulation, journal club	2021 Summer Arrive on Campus Fab training and fabricate device Lab work & setup, prepare for cooldown	2021 Autumn Quantum Measurements and Metrology Quantum Field Theory I TA: 1 lab 1 discussion Research: investigate quantum repeater, literature review, start to break up
2022 Winter Advanced Quantum Information and Computation (withdraw) TA: Optics and Photonics (Tian's class) Research: PhD project, literature review, proposal, breakup and remove from lab	2022 Spring Seeking advice from Zosia, disappointed Tian make up with me. Forcefully register TA: 2 Labs, misfunction, public abused by instructor and blamed by representatives Personal crisis	2022 Summer AEPP (forceful) Accused of plagiarism Learning physics on myself Start to write notes & record videos	2022 Autumn Solid State Physics TA: 2 Labs (forceful) Forcefully put to probation, finish multiple ill-designed tasks. Coordinate with ELI Learn physics on myself
2023 Winter Advanced Quantum Information and Computation (final presentation) Writing Class (forceful) TA: 2 Labs Met Ivar	2023 Spring TA: 2 Labs Learn to do research in new field, read papers	2023 Summer TA: summer course Read papers, read QO textbooks Joined invited talk, group meeting (one)	2023 Autumn TA: 2 Labs Research: optomechanic project Interrupted by Zosia's "Urgent" email
2024 Winter TA: 3 Labs with more compensation Write draft, read new papers An indifferent meeting	2024 Spring TA: 2 Labs Course requirement email Derivation practice, read papers	2024 Summer TA: summer course Revisit undergrad textbooks TA related issues, painful meeting Recontact, fifth-year form	2024 Autumn Advanced Statistical Mechanics Quantum Field Theory I TA: 1 Lab 1 Disc Research: read new paper "Important" email
